

# GETAWAY OUTDOORS

## LOCAL FISHING REPORT

## GERALDTON REGION

### 4th October 2017

#### OFFSHORE

Some nice mixed bags have been reported in the past week with many making the most of it as we head towards the demersal closure commencing on the 15th of October.

North of town offshore from Coronation has seen some hefty estuary cod to 12kg, baldchin groper, coral trout and pink snapper up to 8kg.

West of the shipping channels has been productive for those fishing around the 35-40 metre mark with dhufish to 8kg, baldchin groper, red throat emperor and pink snapper making up the bulk of catches.

African Reef is always a popular destination and has not disappointed in recent times with dhufish around the 7kg range in good numbers along with baldchin groper to 55cm, breaksea cod and coral trout to 60cm.

#### LANDBASED

The local rock walls have been producing numerous whaler sharks for those fishing into the evenings along with occasional mulloway to 12kg and tailor to 40cm.

Sand whiting have been caught with relative ease, with anglers picking up good numbers around pages beach, town beach and the local rock walls.

South of town between Westbank and Flatrocks tailor have been steady with sizes averaging 40cm. Mulloway are also being reported from this location ranging in size from 6-8kg, along with the occasional dhufish to 8kg.

Coronation Beach and north towards Oakabella has produced a few tailor up to 60cm, along with mulloway to 13kg.
